

# BRB-4500

## Floor Scraper

### SPECIFICATIONS

+Production Capacity:	up to 8,000 sq. ft. /hr.
Blade width:	2-36 inches
Travel Speed:	485 ft. / min.
Motor:	Liquid cooled 77 hp 2.3L Ford
Dimensions (L x W x H):	93" x 36" x 56" (w/ propane cylinder height is 72")
Weight:	4580 lbs.
*Fuel:	33 lb. bottle LPG
Exhaust System:	Catalytic Convertor

### FEATURES AND BENEFITS

- High efficiency drive motors
- Wide variety of tooling options
- Infinitely adjustable blade angle
- System monitoring gauge
- High visibility operator position
- Adjustable operator's seat
- Multi-position tooling fixtures

+Production rates will vary between material being removed and from job-to-job. This production rate represents production values under ideal conditions.  
 \*Internal combustion engines produce carbon monoxide gas (CO). Equipment with internal combustion engines should not be used indoors. Proper air quality monitoring equipment should be used to verify safe air quality.

The BRB-4500 is a ride-on floor scraper that runs on LPG (liquid propane gas). This revolutionary machine is designed to tackle the toughest projects with unmatched production. The Big Red Beast combines 77 horsepower with 3,600 ft. lbs. of total rear wheel torque. It has zero turn ability and the luxury of a more comfortable seat that reduces stress on the body of the operator. It also offers hydraulic steering for precise maneuvering in tight areas. The Big Red Beast is the fastest, easiest and most efficient way to remove floor coverings. The Big Red Beast will remove tile, carpet, vinyl, hardwood flooring, thin set adhesives, rubber, elastomeric coatings, sports flooring, and pool deck coatings. Its powerful Ford motor has a 3 year or 2,500 hour warranty.

### Available 3-Hole Tool Adapter

Manufactured under US Patent 6,343,961,
